Design Assessment Brief – Motion & Graphics Designer MyCityApp

As part of our hiring process for the Motion/Graphics Designer role for **MyCityApp**, we propose a practical assessment designed to evaluate candidates based on real-world execution, creativity, and alignment with our brand direction.

The objective is to assess not just design skill, but also the candidate's ability to translate a product into engaging, culturally relevant visual content that can drive awareness and adoption.

Assessment Overview

Each candidate will be required to complete **two tasks**:

1. **Static Graphic Design (1 Deliverable)**
2. **Motion/Video Content (1 Deliverable)**

Both tasks will be based on MyCityApp's core value proposition as a city discovery and lifestyle platform.

Task 1: Static Graphic (Awareness Flyer)

Objective:
Design a visually compelling social media flyer introducing MyCityApp to a new audience.

Concept Direction:
"Discover Your City with MyCityApp"

Requirements:

- Design a clean, modern, and engaging flyer suitable for Instagram
- Highlight key value propositions such as:
    - Discover places (restaurants, events, experiences)
    - Explore your city effortlessly
    - Connect with what's happening around you
- Include a strong call-to-action (e.g., *Download Now*, *Explore Your City Like Never Before*)
- Ensure proper layout, typography, and brand consistency

What We're Evaluating:

- Visual design quality and creativity
- Understanding of product positioning
- Layout, typography, and color use
- Clarity of communication

Task 2: Motion Design (Short Promo Video)

Objective:
Create a short promotional video that brings the MyCityApp experience to life.

Concept Direction:
"A Day in Your City with MyCityApp"

Requirements:

- Duration: **15–30 seconds**
- Format: Suitable for Instagram Reels / TikTok
- Show how a user can:
    - Discover places
    - Find events
    - Explore the city using the app
- Use motion, transitions, and storytelling to make it engaging
- Incorporate text overlays and/or mock UI (if possible)
- Include a clear call-to-action

What We're Evaluating:

- Creativity and storytelling ability
- Motion design and editing skills
- Understanding of social media content trends
- Ability to translate a product into engaging video content

Submission Guidelines

- **File formats:**
    - Graphic: PNG/JPEG
    - Video: MP4
- Include a brief (2–3 sentence) explanation of your creative approach
- **Submission deadline:**
- **Submission email:** admin@mycityapp.io

Context & Reference (Important)

To better understand the product and the type of content expected, candidates are encouraged to download and explore **MyCityApp Nigeria**.

This will provide useful context on the platform's functionality, content style, and overall user experience, which should be reflected in your creative approach for MyCityApp.

While submissions should remain original, we are looking for work that aligns with the brand's direction as a **modern city discovery and lifestyle platform**.
