JOB DESCRIPTION HEAD, SALES & REVENUE

Department: Sales & Marketing
Reports To: Chief Executive Officer
Location: Lagos, Nigeria
Employment Type: Full-Time | Hybrid (2 days WFO, 3 days WFH)
Working Days: Monday – Saturday

About MyCityApp

MyCityApp is a digital city and lifestyle platform connecting people, businesses, experiences and government services across Nigerian cities. We are building a scalable ecosystem that helps businesses reach customers, grow their visibility and generate value through technology.

Role Overview

The Head, Sales & Revenue will lead MyCityApp & MyLagosApp's commercial growth by developing and executing the company's sales and revenue strategy.

The role will own revenue generation, sales targets, pipeline development, client and merchant acquisition, commercial partnerships and sales team performance, while building a structured and scalable sales function.

Key Responsibilities

1. Sales & Revenue Strategy

- Develop and execute MyCityApp's & MyLagosApp overall sales and revenue strategy.
- Identify new revenue opportunities, products and commercial models.
- Set clear sales targets and revenue objectives.
- Develop strategies for customer, merchant and corporate acquisition.
- Drive sustainable and predictable revenue growth.

2. Business Development & Client Acquisition

- Identify and pursue high-value businesses, brands, merchants and corporate clients.
- Build and manage a strong pipeline of prospective clients.
- Lead high-value pitches, presentations and commercial negotiations.
- Develop strategic relationships with key decision-makers.
- Convert opportunities into paying clients and long-term accounts.

3. Sales Pipeline & Conversion

- Establish a structured sales pipeline from lead generation to deal closure.
- Monitor lead quality, conversion rates, sales cycle and deal value.
- Ensure consistent follow-up and movement of opportunities through the pipeline.
- Identify bottlenecks and implement strategies to improve conversion.

4. Revenue Growth

- Develop multiple revenue streams across MyCityApp & MyLagosApp's products and services.
- Identify opportunities for upselling, cross-selling and customer retention.
- Monitor revenue performance against targets.
- Develop strategies to increase average revenue per client and overall commercial value.

5. Sales Team Leadership

- Build, lead and develop the sales team.
- Assign targets and territories based on business priorities.
- Establish clear sales processes, standards and accountability.
- Coach team members on prospecting, pitching, negotiation and closing.
- Monitor individual and team performance.

6. Partnerships & Commercial Opportunities

- Identify strategic commercial partnerships that can generate revenue or significant business value.
- Work with internal teams to develop commercially viable partnership propositions.
- Lead commercial negotiations and ensure agreed terms support MyCityApp's business objectives.
- Track partnership performance and revenue contribution.

7. Sales Reporting & Forecasting

- Provide accurate weekly and monthly sales reports.
- Maintain visibility on pipeline value, expected closures and revenue projections.
- Provide management with realistic sales forecasts.
- Use sales data and market insights to guide commercial decisions.

8. Sales Process & Systems

- Develop and implement effective sales processes and standards.
- Ensure proper use of CRM and sales management systems.
- Establish clear documentation of leads, opportunities, client engagements and deals.
- Continuously improve the sales process based on performance data and market feedback.

Key Performance Indicators (KPIs)

The role will be measured primarily on commercial outcomes, including:

- Revenue generated against target
- New clients/merchants acquired
- Value of closed deals
- Sales pipeline value
- Lead-to-client conversion rate
- Average deal value
- Sales cycle
- Client retention and repeat revenue
- Revenue generated from partnerships
- Sales team performance against targets
- Accuracy of sales forecasts

Required Experience & Qualifications

- Bachelor's degree in Business Administration, Marketing, Economics, Finance or a related field.
- 8+ years of relevant experience in Sales, Business Development, Revenue Management, Commercial or related roles.
- Proven experience leading sales teams and delivering revenue targets.
- Demonstrable track record of personally closing significant business deals.
- Experience in technology, digital platforms, fintech, media, advertising, telecommunications, FMCG, hospitality, e-commerce or other high-growth environments is an advantage.
- Strong experience in B2B sales, client acquisition and commercial negotiations.
- Strong understanding of sales pipeline management and CRM systems.
- Excellent negotiation, pitching and relationship-management skills.
- Strong commercial and analytical mindset.
- Ability to operate independently and deliver in a fast-paced, growth-focused environment.

What We Are Looking For

We are looking for a commercial leader, not simply a sales administrator. Someone who can identify opportunities, open doors, build relationships, negotiate, close deals and build a high-performing sales engine around those opportunities.

The ideal candidate should be target-driven, commercially aggressive, strategic, hands-on and accountable for results.
